Controllable properties

Each control is listed by its panel name. Use the description to decide what to listen for, then make small changes in the context of the music.

Control and settings	What it changes
Bypass Range: Off, On Default: Off	Turns the complete effect off or on for a direct before-and-after comparison.
Color Range: Pink, Blue, Green, Yellow, Legacy, Red, Black, White Default: Pink	Chooses one of eight voice colors, from soft tonal shifts to more obvious character changes.
Transform Range: 0% to 100% Default: 100%	Sets how far the voice moves toward the selected color. Lower values stay closer to the original voice.
